Speakers

The three trainers

Dr Georg Suter

COURSE DIRECTOR

Senior Consultant at rhysafe ag. More than 30 years of experience as head of a testing laboratory and as a designer of safety management systems, with a particular focus on explosion protection.

Dr-Ing. Marc Scheid

SPEAKER

More than 25 years in explosion protection: industry, federal authorities and statutory accident insurers. Member of expert committees (standardisation, VDI, ISSA), speaker for BG RCI and VDI, numerous publications.

Dipl.-Ing. Jean Nugel

SPEAKER

Electrostatics expert at rhysafe ag. Long experience both in solving measurement problems and in modelling electrostatic effects.
